

For ultimate comfort and maximum wire range

When you've got a job where you'll be making connections all day, the Twister® PRO red/yellow is the one you want. The SureGrip™ design makes for improved torque while the comfortable swept wings ease hand fatigue. You'll feel the difference immediately.

Patented SureGrip™ overmolding provides improved leverage and more torque

Better grip and more leverage for faster connections

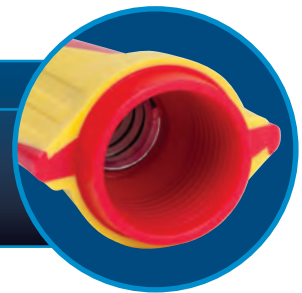

Exceptional wire range and capacity; up to MAX. 4 #10

Twister
PRO

FAST FACT:

The Twister® PRO is a high performance connector with the industry's widest wire range of any red/yellow connector.
